Dear Ms. Ancona:

RE: MECA Tariff M.P.S.C. No. 25-U  
TAM Transmittal No. 13

Enclosed is one copy of MECA's Tariff M.P.S.C. No. 25(U) revisions for filing with the Commission pursuant to applicable law.

This tariff filing is to implement the migration of MECA Tariff M.P.S.C. No. 25(U) to an "exception-based" tariff in which the applicable regulation, rates, and charges pertaining to the provision of interstate access services set forth in National Exchange Carrier Association ("NECA") Tariffs F.C.C. No. 3 and No. 5 are adopted and incorporated by reference for the provision of intrastate access services, unless there is no specific exception set forth in MECA Tariff M.P.S.C. No. 25(U). The specific tariff sheets which are being removed from MECA Tariff M.P.S.C. No. 25(U) are identified in the check sheets found in the revised Part I tariff pages included in this filing.

At page 4 in the preface of this filing is a matrix of the NECA switched access rate bands to which each concurring carrier was assigned by NECA. These rate bands assist in identifying the applicable rates for individual access rate elements.

In general, there are exceptions to the NECA tariffs for (1) the rates for intrastate special access services set forth in Part XVII for each issuing carrier and (2) the rates for switched and special access services set forth in Part XVII for competitive local exchange carriers (CLECs) which are concurring carriers. Such CLECs include Baraga Telephone Company (CLEC operation under OCN 4253), Drenthe CLEC (CLEC operation under OCN 736B), Peninsula Fiber Network, LLC, Southwest Michigan Communications, Inc. and Westphalia Broadband, Inc.

The few other exceptions are set forth in the Part and Section of MECA Tariff M.P.S.C. No. 25(U) to which they apply.

MECA M.P.S.C. Tariff No. 25(U) can be viewed in its entirety at [www.telecommich.org/news/?newsid=163](http://www.telecommich.org/news/?newsid=163).

The transmittal sheets can be viewed at [www.telecommich.org/Documents/25TAMtransmittal13.pdf](http://www.telecommich.org/Documents/25TAMtransmittal13.pdf).

NECA Tariff F.C.C. No. 3 and No. 5 can be viewed at [https://www.neca.org/cms400Min/NECA\\_Templates/NECA\\_Home.aspx](https://www.neca.org/cms400Min/NECA_Templates/NECA_Home.aspx).

The effective date of these changes is July 1, 2012.

If you have any questions regarding the above, please contact our office.

Yours truly,

Scott Stevenson  
President

ACCESS SERVICE

1. Application of Tariff

- 1.1 This tariff contains regulations, rates and charges applicable to the provision of Carrier Common Line, End User Access, Switched Access, Special Access, Digital Subscriber Line Access Service, Public Packet Data Network and other miscellaneous services hereinafter referred to collectively as service(s). The regulations, rates, and charges in this tariff apply to the provisioning of Access Services for connection to Intrastate Communications Facilities for Intrastate Customers. These services are provided to customers by the Issuing Carriers of this tariff, hereinafter the Telephone Company. This tariff also contains Access Ordering regulations and charges that are applicable when these services are ordered or modified by the customer. (C)
- 1.2 The provision of such services by the Telephone Company as set forth in this tariff does not constitute a joint undertaking with the customer for the furnishing of any service. (C)
- 1.3 (Omitted, not applicable to the State of Michigan.)
- 1.4 Unless there is a specific exception set forth in this tariff, the regulations, rates, terms, conditions and charges for the services described in 1.1 preceding are those set forth in the National Exchange Carrier Association, Inc. (NECA) Tariffs F.C.C. No.3 and No. 5 as they now exist, and, as they may be revised, added to or supplemented. (N)
- 1.4 Company specific switched access rate band information is available in a matrix in the Preface section of this tariff. To determine the appropriate band rate for use in the NECA tariffs, locate the company name on the matrix and apply the rate band listed for the appropriate service to the pricing sections of the NECA tariff.
- 1.5 Company specific special access rates are set forth as exceptions to NECA Tariff 5 in Part XVII of this tariff.
- 1.6 MECA 25U Tariff Part Numbers mirror NECA 5 Tariff Section Numbers with the following exceptions:
- MECA 25U Part 16-Special Construction can be found in NECA 3.
- MECA 25U Part 18-Ethernet Transport Services can be found in NECA 5 Section 16.3.

2. General Regulations

2.4.1 Payment of Rates Charges and Deposits

A security deposit will not exceed an amount equal to the estimated total for current rates and charge times the average of at least two previous months usage but not more than six months of usage.

A security deposit or an additional security deposit may be required from an existing customer at any time following installation of service when: 1) the customer has established a history of late payment to the Telephone Company; 2) the customer's gross monthly billing has increased beyond the amount initially used to estimate a security deposit, if applicable; and/or 3) the Telephone Company becomes aware that the customer's credit worthiness has fallen below commercially acceptable levels as determined by an independent credit rating or reporting service. Such security deposit will not exceed an amount equal to the total rates and charges for two months of the customer's actual billing for the service (s) to that customer may be discounted in accordance with the terms specified in 2.1.8 (A), preceding.

Adjustment of charges will be made when billing disputes are brought to the attention of and verified by the Telephone Company as set forth in this section. Except as otherwise expressly provided in a written contract between a Customer and the Telephone Company, all requests for refunds or adjustments must be made in writing to the Telephone Company within two (2) years after the date when the bill was rendered that the customer seeks to dispute. No refunds or adjustments will be made for billing disputes that occurred more than two (2) years before the date a customer makes a written request to the Company for adjustment. If the request for a refund or adjustment is made by a current customer of the Telephone Company, the Telephone company reserves the right to provide any adjustment due the Customer as set forth in this section in whole or in part by a bill credit against charges for current or future services.

Except as otherwise provided in a written contract between a Customer and the Telephone Company, a Customer will be liable for any unbilled or underbilled service for two years from the date a bill for that service was rendered, whichever is later. This limitation does not apply when the service was obtained by the Customer by fraud or deception. (N)

1. General Regulations

2.4.1 Payment of Rates Charges and Deposits (Con't)

If the customer pays the total billed amount and disputes all or part of the amount, the Telephone Company will refund any overpayment. In addition, the Telephone Company will pay to the customer penalty interest on the overpayment. When a claim is filed within 90 days of the due date, the penalty interest shall begin on the payment date. When a claim is filed more than 90 days after the due date, the penalty interest period shall begin from the date of the claim or the date of overpayment, whichever is later.

The penalty interest period shall end on the date that the Telephone Company actually refunds the overpayment to the customer. The penalty interest rate shall be the lesser of:

- (1) The highest interest rate (in decimal value) which may be levied by law for commercial transactions, compounded daily for the number of days from the first date to and including the last date of the period involved, or
- (2) 0.000292 per day, compounded daily for the number of days from the first date to and including the last date of the period involved.

13. Additional Engineering, Additional Labor and Miscellaneous Services

13.4 Presubscription

13.4.1 Presubscription, IntraLATA

Pursuant to the Michigan Public Service Commission Order in Case No. U-11961.

(A) IntraLATA presubscription is the process by which end user customers may select and designate to the Telephone Company an intrastate intraLATA Interexchange carrier to access, without an access code, for intrastate intraLATA calls. This intraLATA Interexchange Carrier is referred to as the end user's predesignated intraLATA PIC.

(B) End users may select one of the following options at no charge:

- indicate a intraLATA primary PIC for all of its lines,
- indicate a different intraLATA PIC for each of its lines.

Only one intraLATA PIC or No-PIC may be selected for each line or lines terminating in the same hunt group.

End users may designate that they do not want to presubscribe to any intraLATA Interexchange Carrier. End users that select No-PIC must arrange this designation by directly notifying the Telephone Company's business office. This choice will require the end user to dial an access code (101XXXX) for all intrastate IntraLATA calls.

After the end user's initial selection of a predesignated intraLATA PIC or the designation that they do not want to presubscribe to any intraLATA PIC (No-PIC) for any change in selection after conversion to Equal Access in the serving end office, a nonrecurring charge as set forth in 17.4.1 (I) following applies.

(C) A presubscription change can be done either electronically or manually:

Electronic Changes: Changes submitted by access customers to the ILEC using a mechanized interface to the ILEC's service order entry system or other electronic processing systems, including magnetic tape, are considered electronically submitted.

Manual Changes: Changes submitted via fax, e-mail, regular mail, or telephoned in by either an access customer or end-user customers are manually submitted changes. If a person is required to intervene in the initial setup, it is considered to be a manual process. All intrastate intraLATA changes are considered manual.

(D) The end user will be allowed a six-month period from the date of the installation of their Telephone Exchange Service to select a PIC or No-PIC one time at no charge.

(E) If the new end user fails to designate an intraLATA Interexchange Carrier as its PIC prior to the date of installation of Telephone Exchange service, the Telephone Company will (1) default the end user line to No-PIC which will require the end user to dial an access code (101XXXX) for all intrastate IntraLATA calls, or (2) block the end user from intrastate intraLATA calling. The end user will be notified which option will be applied if it fails to make an intraLATA PIC or No-PIC selection. A blocked or No-PIC designated end user may designate an initial PIC one time at no charge, if it is requested within six months after the installation of Telephone Exchange Service.

For any change in selection after six months from the installation of Telephone Exchange Service, a nonrecurring charge, as set forth below.
