Frequently Asked Questions

Q. Can I invite clients, customers, employees or other guests to play on my foursome?

A. Yes, we encourage you to bring as many guests – BAM members and/or non-members – as you want to the outing.

Q. Can I pay for my guests or do they need to submit registration forms and pay on their own?

A. You can treat your guests to the outing and all they have to do is show up. If you list names under the “Golfers You Will Pay For” section, you can pay for their rounds and they will not have to submit their own registration form(s). But we recommend getting your guest invitations out early or someone else might sign them up.

Q. Do I have to sign up for a sponsorship to participate in the outing?

A. Yes. In order to spread the costs of the outing across all participating vendor companies, a minimum sponsorship amount of \$225 per associate member company was created by the Vendor Committee. Please note that only one sponsorship per associate member company is mandatory, so multiple employees of a company can golf under the single company sponsorship. If you would like to sponsor the outing at a higher level, contact Kelle Gabrielson at kelle@mibroadband.org or 517-482-4167.
