The tariff pages are being filed to incorporate revisions to certain provisions relating to: (1) billing disputes; (2) access ordering; and (3) special contracts and arrangements.

The tariff pages are also being filed to incorporate certain revisions specific to concurring carrier Ace Telephone Company of Michigan, Inc., d/b/a AcenTek, as the successor to Allendale Telephone Company, including the reclassification of its status from issuing carrier to concurring carrier under the tariff. Additionally, the tariff pages are being filed to incorporate the reclassification of Climax Telephone Company, d/b/a CTS Telecom, Inc., and Southwest Michigan Communications, Inc., d/b/a Bloomingdale Communications, Inc., from issuing carrier to concurring carrier.

In addition to the tariff pages, concurrences on behalf of each Ace Telephone Company of Michigan, Inc., d/b/a AcenTek, Climax Telephone Company, d/b/a CTS Telecom, Inc., and Southwest Michigan Communications, Inc., d/b/a Bloomingdale Communications, Inc., each Concurrence designated as F.C.C. Concurrence No. 1, will be electronically filed with the Commission in accordance with 47 CFR § 61.132 and 47 CFR § 61.133.

This filing is being made on one days' notice, pursuant to the requirements established in 47 CFR § 61.58.

In accordance with Part 61.14(b) of the Commission's Rules, the tariff filing fee of \$910.00 is being submitted electronically as part of the ETFS filing process.

ACCESS SERVICE2. General Provisions (Cont'd)2.4.1 Payment of Rates, Charges and Deposits (Cont'd)(D) Billing Disputes(1) Bona Fide Dispute

A bona fide dispute is defined as written notification to the Telephone Company by a current customer stating the specific basis for disputing certain charges rendered to the customer by the Telephone Company. Such dispute, including all requests for refunds or adjustments, must be made in writing to the Telephone Company within two (2) years after the date when the bill containing the charges that the Customer seeks to dispute was rendered. No refunds or adjustments will be made for billing disputes that occurred more than two (2) years before the date a customer makes a written request to the Company for adjustments/refunds.

Specific instructions for submitting a dispute including any claim of refund can be obtained by calling the billing inquiry number shown on the customer's bill or by accessing such information on the Telephone Company's website as shown on the customer's bill.

The Customer shall not, under any circumstances, unilaterally withhold any charges due to the Telephone Company, regardless of notice being given to the Telephone Company that the customer disputes such charges.

(2) Information Required to be Provided by Customer

Such bona fide dispute must contain all of the following information in order to be accepted and processed by the Telephone Company:

- a. The account number(s) associated with the disputed charges.
- b. The date of the bill containing the charges in dispute.
- c. The date of the dispute.
- d. The specific charge(s) being disputed.
- e. A written explanation detailing the customer's basis for disputing the charges, including the legal basis for the dispute.
- f. A calculation showing, in specific detail, the computation of any claim, refund, or change to the bill in dispute.
- g. Any other details or information in support of the dispute.

Transmittal No. 14

ACCESS SERVICE2. General Provisions (Cont'd)2.4.1 Payment of Rates, Charges and Deposits (Cont'd)(D) Billing Disputes (Cont'd)(3) Validity of Dispute

Once the Telephone Company receives the written dispute notification from the customer, Telephone Company will begin an investigation into the basis of the dispute. The initial review will consist of an examination of the written dispute notification for completeness, in which the requirements specified in 2.4.1 (D)(2), above, will be analyzed. If the Telephone Company determines the dispute notification complies with the requirements of 2.4.1(D)(2), the Telephone Company will make a determination of the validity of such dispute, and will provide the customer written notification of such determination within 30 days.

If the Telephone Company determines that the dispute notification lacks any of the requirements set forth in 2.4.1 (D)(2), above, the dispute will be rejected, and the Telephone Company will notify the customer, in writing, of such rejection.

(4) Disputes Resolved in Favor of Telephone Company

In the event that a billing dispute involving charges rendered to the customer is resolved in favor of the Telephone Company, the Telephone Company will notify the customer of the same within 30 days of such a determination.

(5) Disputes Resolved in Favor of Customer

In the event that a billing dispute is resolved in favor of the customer, the Telephone Company will provide the customer with written notification within 30 days of such a determination, and any applicable credit will be reflected in the bill rendered for the next billing cycle.

(6) Withholding Payment of Charges

In the event the customer withholds any charges rendered by the Telephone Company or a portion thereof, all amounts due, as well as late charges, will be immediately due and payable by the customer.

In the event the customer withholds any amounts it disputes, a penalty will be assessed based on the amount of the payment or the portion of the payment withheld times a late factor of 0.000292 per day, compounded daily until payment is remitted to Telephone Company, beginning with and including the first day of withholding, through and including the last day of withholding.

Transmittal No. 14

ACCESS SERVICE5. Access Ordering5.1 General

This section sets forth the regulations and order related charges for services set forth in other sections of this tariff. Order related charges are in addition to other applicable charges for the services provided by Telephone Company.

An Access Order is an order to provide the customer with Switched Access, Special Access, or Access Related Service or to provide changes to existing services.

The regulations, rates and charges for special construction are set forth in Section 2.1.12 preceding and are in addition to the regulations, rates and charges specified in this section.

A customer may order any number of services of the same type and between the same premises on a single Access Order. All details for services for a particular order must be identical except for those for multipoint service.

The customer will provide to the Telephone Company the order information required in 5.2 following, and in addition the customer must also provide:

- Customer name and premise address(es).
- Billing name and address (when different from customer name and address).
- Customer contact name(s) and telephone number(s) for the following provisioning activities: order negotiation, order confirmation, interactive design, installation and billing.

(A) Submitting Orders for Access Service

A customer wishing to place an Access Order for Switched Access Services or Special Access Services must first submit an Access Service Request (ASR) to the Telephone Company.

The customer must complete all fields in the ASR and provide all information required by Telephone Company. If any of the required fields in the ASR are blank or contain insufficient information, the Telephone Company may reject the ASR as incomplete.

If Telephone Company rejects the ASR as incomplete, the customer's Access Order will be considered ineffective unless, within 10 days of receiving notification from Telephone Company that the ASR was rejected, the customer provides Telephone Company, in writing, with the information required to allow Telephone Company to process the customer's request under the ASR.

ACCESS SERVICE5. Access Ordering5.1 General (Cont'd)(A) Submitting Orders for Access Service (Cont'd)

Once the Telephone Company receives and processes the ASR, upon confirmation that the ASR is complete and all required information has been provided by the customer, the Telephone Company will issue a Firm Order Confirmation (FOC) which provides the customer with certain non-design information, such as critical dates and circuit identification.

The issuance of a FOC by the Telephone Company creates a binding obligation on the customer to pay for the services ordered at the tariffed rates. Failure of the customer to pay for services ordered may result in fees and penalties, including discontinuance of service, discussed in Section 2.1.8, above.

Where access service is jointly provided by multiple carriers, the customer is responsible for submitting identical common ASRs to all known carriers involved with the provision of access services on the particular route for which the customer is requesting service.

ACCESS SERVICE

- 16. Special Contracts and Arrangements (T)
- 16.1 Special Contract Arrangements (N)

At the option of the Telephone Company, switched or special access services may be offered on a contract basis to meet specialized pricing requirements of the customer not contemplated by this tariff. The terms of each contract shall be mutually agreed upon between the customer and the Telephone Company and may include discounts off of rates contained herein and waiver of recurring, nonrecurring, or usage charges. The terms of the contract may be based partially or completely on the term and volume commitment, type of access arrangement, mixture of services, or other distinguishing features.
- 16.2 Individual Case Basis (ICB) Arrangements (N)

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such service in this tariff. ICB arrangements will be offered to the customer in writing.
