LOCAL TELEPHONE EXCHANGE SERVICE

Exchange: PIGEON

A GENERAL

1. The provision of service at the rates shown below is subject to the regulations given in the General Rules and Regulations as they now exist and are filed with and form part of this tariff.
2. The rates shown in Section B and C, following, entitle the customer to local calling to all stations bearing the designation of the following rates centers, which comprise the Local Calling Area:

BAD AXE BAY PORT CASEVILLE CASS CITY ELKTON GAGETOWN KINDE  
OWENDALE PIGEON PORT AUSTIN SEBEWAING UNIONVILLE

The company will block all 1+ calls dialed to any rate center listed in Section A 2, preceding.

B. MONTHLY RATES: Within the Base Rate Area: <sup>1</sup>

Class of Service

Residence 1-Party Line	\$22.55
Business 1-Party Line	\$27.11
Private Branch Exchange	\$36.40

In addition to the MONTHLY RATES listed above, the LOCAL MOU RATES in Section C. apply.

<sup>1</sup> Basic local exchange service installed after December 31, 2001, will include touchcall service at no additional charge above the rates listed for the class of service installed. Residence 1-Party Line, Business 1-Party Line and Private Branch Exchange lines in service at January 1, 2002, that did not have touchcall service as an auxiliary service at the end of business December 31, 2001 will receive a monthly credit of \$1.25 during the period that line is in continual service after December 31, 2001 and touchcall service is not affirmatively added as an auxiliary service. If an end user's actions cause the disconnection of a line for any reason (such as nonpayment of a bill for regulated services, change of class of service or movement to vacation rate) that line will not qualify for any future touchcall service credit.

<sup>3</sup> EDUCATIONAL CREDIT A \$2.50 credit applies for each Private Branch Exchange or Business 1-Party Line Local Telephone Exchange Service provided to a public school.

<sup>4</sup> BUSINESS MULTI-LINE CREDIT A \$2.50 credit applies for Private Branch Exchange or Business 1-Party Line Local Telephone Exchange Service over six (6) (combined Private Branch Exchange and Business 1-Party Line services) provided to the same location and billed on the same bill.

<sup>5</sup> If both the EDUCATIONAL CREDIT and the BUSINESS MULTI-LINE CREDIT could apply, only the EDUCATIONAL CREDIT would apply. In this case, the BUSINESS MULTI-LINE CREDIT would not apply.

LOCAL TELEPHONE EXCHANGE SERVICE  
SERVICE CONNECTION CHARGES

A. GENERAL

1. The Service Charges covered herein are applicable in connection with the establishment of telephone service and subsequent additions of lines and other service.
2. Service Charges
  - a. The Service Charge is the charge for work performed by the Telephone Company in connection with receiving, recording and processing of customer requests for service ordered to be performed or provided at the same time, on the same system and on the same premises. The term "per order" means all work or service ordered at the same time for the same account.
  - b. The Line Connection Charges applied to each central office line (exchange line, trunks, etc) for work required in the central office and outside plant, including restoral of service after temporary disconnection of service for nonpayment.
3. Customer Premises
  - a. A premises is a building, portion of a building or buildings on the same continuous property occupied by the customer in the conduct of his business or occupied by the customer as a residence. All space for offices occupied by a customer on the same or separate floors of one building are considered as a single (or same) premises.
    - (1) Same continuous property shall mean an uninterrupted plot of land within the same block and occupied by one customer. Same block is defined as a parcel of land enclosed but uncrossed by public thoroughfares.
    - (2) A building shall mean a structure on one foundation or two structures on separate foundations with a common wall or abutting walls with ready access from one structure to the other by means of doorways or permanent openings through the intervening wall or walls. Structures in the same or different block occupied by one customer and connected by passageways shall be considered as the same building if the passageway is actually used as a continuation of the space in the two buildings and not principally used as a walkway.
4. Additional Conditions
  - a. Service charges are in addition to all other applicable rates and charges associated with the service being provided. Installation charges for additional equipment as shown in Tariff M.P.S.C. No. 2 may apply in lieu of wiring or station connection charges.
  - b. The charges specified herein do not contemplate work being performed by the Company employees at a time when overtime wages apply due to the request of the customer nor do they contemplate work begun being interrupted by the customer. If the customer requests overtime labor being performed or interrupts work once begun, a charge in addition to the specified charges will be made equal to the additional cost involved.
  - c. No service charges apply for a change in equipment or move of equipment if made on the initiative of the Telephone Company for maintenance reasons or because of a change in the type of central office operation or for other Company reasons.
5. Restoral of Service
  - a. Service discontinued by the Telephone Company because of nonpayment, when the service has not been disconnected, is subject to the Restoral of Service Charge.
  - b. When service is rendered inoperative by fire or other causes beyond the control of the customer which render the premises unfit for occupancy, the same service as destroyed will be reestablished at the same or different location, at the option of the customer, without Service or Installation Charge.

LOCAL TELEPHONE EXCHANGE SERVICE  
DIRECTORY LISTINGS

A. GENERAL

1. Directories are furnished as an aid to the use of the telephone service. The telephone company reserves the right to refuse to insert any listing in its directories which does not facilitate directory service.
2. A listing in the alphabetical section of the directory is provided each customer without charge, under the conditions set forth in this tariff.

B. LIMITATIONS

1. Listings are limited to information which is essential to identification.
2. The length of a listing may be shortened or abbreviated when the clearness of the listing and identification of the customer is not impaired thereby. When more than one line is necessary to properly list the customer, no additional charge is made.
3. A listing must be in the actual name of the customer to whom service is rendered, or the name of a member, officer, employee or representative thereof, or the name of another business which the customer represents, controls or owns. Listings other than those specified herein are available only in connection with Joint User Service or as a Combined Given Name Listing.
4. The following listings are not acceptable and will not be published in the telephone directory:
  - a. An assumed name unless it is registered as required by law.
  - b. A name is likely to mislead or deceive the public or which is inserted for advertising purposes.
  - c. A commodity or trade name.
  - d. Double name listings such as XYZ Manufacturing Company, John Doe, Manager.
  - e. Symbols, as they cannot be properly placed alphabetically.
5. When PBX trunk or rotary line users are served by central office equipment which permits the selection of an idle facility in the customer's group, only one listing is provided at no charge. Additional listings may be provided for other lines in the customer's group at the additional listing rate contained herein.
6. In order to assist in locating a listing where the surname may be spelled in more than one way, the telephone company may insert alphabetically a cross reference listing showing the other spelling of the name.
7. Residence listings may include the standard abbreviation for military titles or professional degrees or titles earned by a customer which are an aid to the general public. Standard abbreviations for titles or degrees earned that are of commercial value may be included in the customer's business listing.

LOCAL TELEPHONE EXCHANGE SERVICE  
JOINT USER SERVICE

A. GENERAL

1. Joint User Service is an arrangement whereby a person or firm - designated a Joint User - is permitted to use the service of a customer. To facilitate this use, a directory listing is provided for each Joint User.
2. Joint User Service is provided only in connection with individual line business service and private branch exchange business service. The use of residence service by persons other than the customer is provided for under Extra Directory Listings.
3. The Joint User must be located in the same office or suite of offices as the customer, or in an office immediately adjacent thereto and connected therewith by passageways other than public passageways.
4. Joint User Service is not furnished in association with the service of a customer who is engaged primarily in performing service of a secretarial nature or who is in the business of renting space to transient or permanent tenants.
5. No separate ring numbers of distinctive designations are assigned for the purpose of signaling Joint Users.
6. Joint User Service must be contracted for by the original customer who is required to assume responsibility for all charges incurred by the Joint User.
7. Charges for Joint User Service date from the day the traffic information records are posted - such information at the option of the customer being posted at the time the order is completed or when the listing is published in the directory. The Joint User Service is automatically discontinued upon termination of the main service. The minimum charge for Joint User Service, however, is the charge for the period of one month.

B. RATES

Joint User Service, including one listing in the directory, is furnished at 1/2 the charge for one individual Business Line (and Mileage), per month.

LOCAL TELEPHONE EXCHANGE SERVICE  
COMBINATION MAIN STATION SERVICE

A. GENERAL

1. Combination Main Station Service applies to cases where a customer wishes to contract for a main station service at each of two separate locations (ordinarily each station will be assigned a separate telephone number) within the same exchange, so as to be able to answer calls for one main station at the other main station location or both stations at either location.
2. Combination Main Station Service is provided only in connection with individual lines (excluding coin box lines and lines terminating in key telephone systems, key equipments, key cabinets and similar switching devices) and is furnished subject to the ability of the Telephone Company to provide satisfactory transmission and signaling arrangements and to the rate treatment outlined herein.
3. Combination Main Station Service may be employed where one station is at a business location and the other at the residence or where both stations are at either business or residence locations, but only in connection with services contracted for and used by the same customer.

B. RATES

1. Each main station is charged for at the established individual line business or residence rate, according to the classification of the service at each premises as to business or residence character.
2. In applying exchange line mileage charges, as provided for in Tariff M.P.S.C. No. 2, each main station service is considered separately and the mileage charges applicable for individual line service are assessed for each service.

## LOCAL TELEPHONE EXCHANGE SERVICE

### PAYSTATION SERVICE

#### A. GENERAL

Paystation Service provides telephone service to a customer-leased or owned paystation with or without coin collecting devices. A Paystation Access Line permits providers of such service to provide pay telephone service to the public.

#### B. DEFINITIONS

Coin Supervision - Provides signaling capability from the central office for paystations that do not have signaling capability within the telephone. This signaling capability provides operators and/or operator systems coin control.

Customer - For the purposes of this tariff, the customer is the Paystation Service Provider.

Network Interface Device - A company provided jack or its equivalent. It is the point of connection between the Company owned wiring and wiring owned by the customer. For the purposes of this tariff, the network interface device will be installed at a location mutually agreed upon by the customer and the Company.

Originating Line Screening (OLS) - Enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned paystations, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available.

Paystation Access Line - A basic coin transmission dial tone line. It is a line side connection from the local exchange switch to the point of demarcation at the customer premises.

Selective Class of Call Screening - Enables the customer to restrict outgoing operator-handled calls, placed over the Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card. Selective Class of Call Screening will be provided at the customer's option, where such facilities are available.

#### C. RULES AND REGULATIONS

1. Paystation service will be considered a business service for the purpose of applying the terms, rates and conditions found elsewhere in this tariff.
2. Only one paystation instrument may be connected to each Paystation Access Line. Off-premise Extensions are not permitted.
3. The customer shall be responsible for the installation, operation and maintenance of any paystation instrument used in connection with this service.
4. Requests to Directory Assistance Service originated from paystations will be charged the applicable rate of the Directory Assistance Service Provider.
5. Directory listings may be provided under the regulations that govern the furnishing of listings for business customers.
6. Coin-free operator and emergency 911 access must be available from all paystations.

LOCAL TELEPHONE EXCHANGE SERVICE

CHANNEL CHARGES

A. GENERAL

1. Application of Boundary Designations

- a. Boundaries for the service areas for exchanges are designated on maps in Tariff M.P.S.C. No. 1.
- b. Each establishment is within only one Exchange or Zone service area except as provided in c. below.
- c. Where the boundary is designated as a road (street or highway) the area includes that side of the highway on which are located the general plant facilities serving both sides of the highway. When such facilities are located on the near side of the highway, a customer located on the opposite side is considered to be within the area if he can be served by a drop wire using not more than one additional pole; when the general facilities are located on the far side of the boundary, a customer on that side is considered to be within the area if he can be served by means of a drop wire not requiring any additional poles.
- d. Where the boundary is designated as the center of the road (street or highway) each side of the road is in a different service area.
- e. Where the boundary is designated as a river (stream) or railroad, each side of the river or railroad is in a different service area.
- f. Where the boundary divides a lake, the shore of the lake is in different service areas in accordance with the boundary designation at the shore line.
- g. Where the boundary is designated as a Township Section Line or a specified distance from a Township Section Line, customers are served in accordance with their location with respect to such boundary line. When such a line is other than the section line or one quarter or one half mile from a section line, the location of the boundary line with respect to the section line will be shown in feet or fractional miles on the Tariff Map Sheet.

2. Definitions

- a. The term "Same Building" refers to a structure on one foundation or structures on separate foundations with abutting walls and ready access between structures by means of doors through such walls.
