LOCAL TELEPHONE EXCHANGE SERVICE  
APPLICATION OF BOUNDARY DESIGNATIONS

A. GENERAL

1. Application of Boundary Designations

- a. Boundaries for the service areas for Exchanges are designated on maps on Tariff M.P.S.C. No. 1.
- b. Each establishment is within only one Exchange service area except as provided in c. below.
- c. Where the boundary is designated as a road (street or highway) the area includes that side of the highway on which are located the general plant facilities serving both sides of the highway. When such facilities are located on the near side of the highway, a customer located on the opposite side is considered to be within the area if he can be served by a drop wire using not more than one additional pole; when the general facilities are located on the far side of the boundary, a customer on that side is considered to be within the area if he can be served by means of a drop wire not requiring any additional poles.
- d. Where the boundary is designated as the center of the road (street or highway) each side of the road is in a different service area.
- e. Where the boundary is designated as a river (stream) or railroad each side of the river or railroad is in a different service area.
- f. Where the boundary divides a lake, the shore of the lake is in different service areas in accordance with the boundary designation at the shore line.
- g. Where the boundary is designated as a Township Section Line or a specified distance from a Township Section Line, customers are served in accordance with their location with respect to such boundary line. When such a line is other than the section line or one quarter or one half mile from a section line, the location of the boundary line with respect to the section line will be shown in feet or fractional miles on the Tariff Map Sheet.

LOCAL TELEPHONE EXCHANGE SERVICE

SERVICE CHARGES

A. GENERAL

1. The Service Charges covered herein are applicable in connection with the establishment of telephone service and subsequent moves, changes and additions of lines, and other service.
2. Service Charges
  - a. The Service Charge is the charge for work performed by the Telephone Company in connection with receiving, recording and processing of customer requests for service and ordered to be performed or provided at the same time, on the same system and on the same premises. The term "per order" means all work or service ordered at the same time for the same account.
  - b. The Line Connection Charges applied to each central office line (exchange line, trunks, etc) for work required in the central office and outside plant, including restoral of service after temporary disconnection of service for nonpayment.
3. Customer Premises
  - a. A premises is a building, portion of a building or buildings on the same continuous property occupied by the customer in the conduct of his business or occupied by the customer as a residence. All space for offices occupied by a customer on the same or separate floors of one building or considered as a single (or same) premises.
    - (1) Same continuous property shall mean an uninterrupted plot of land within the same block and occupied by one customer. Same block is defined as a parcel of land enclosed but uncrossed by public thoroughfares. Railroad tracks, rivers and alleys are not considered as public thoroughfares.
    - (2) A building shall mean a structure on one foundation or two structures on separate foundations with a common wall or abutting walls with ready access from one structure to the other by means of doorways or permanent openings through the intervening wall or walls. Structures in the same or different block occupied by one customer and connected by passageways shall be considered as the same building if the passageway is actually used as a continuation of the space in the two buildings and not principally used as a walk way.

LOCAL TELEPHONE EXCHANGE SERVICE

SERVICE CHARGES

A. GENERAL (Continued)

4. Additional Conditions

- a. Service charges are in addition to all other applicable rate and charges associated with the service being provided.
- b. The charges specified herein do not contemplate work being performed by the Company employees at a time when overtime wages apply due to the request of the customer nor do they contemplate work begun being interrupted by the customer. If the customer requests overtime labor being performed or interrupts work once begun, a charge in addition to the specified charges will be made equal to the additional cost involved.
- c. No service charges apply when the service is rendered in operative by fire or other cause beyond the control of the customer and service is re-established at another location or premises. Service charges will apply for transferring a temporary installation to another location or premises respectively.

5. Promotional Waiver:

Service Charges may be waived by the Company during promotional periods for the services listed below. The waiver of Service Charges will not exceed a total of 62 days in any calendar year for each service. Customer orders for the service which are completed or taken during the promotional period will qualify for the waiver of Service Charges. The following services are approved for a waiver of Services Charges and/or the waiver of the monthly rate for the first month of service as specified elsewhere in the Company Tariffs:

- (1) Touch Call Service
